

Customized Iron and Steel Melting Furnace with Low Maintenance and Medium Frequency

Our Product Introduction

for more products please visit us on melt-furnaces.com

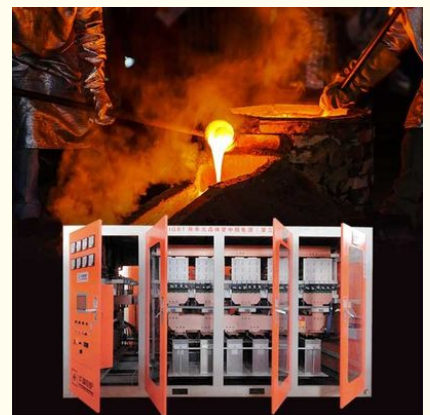

Basic Information

- Place of Origin: China
- Brand Name: Huarui
- Certification: patent; national test report; quality management system
- Model Number: to be customized
- Minimum Order Quantity: 1 set
- Price: to be negotiated
- Packaging Details: waterproof
- Delivery Time: 30~45 days
- Payment Terms: T/T; L/C
- Supply Ability: 1000000 sets/year

Product Specification

- Durability: High
- Reliability: High
- Failure: Low
- Power Saving: High
- Safety: High
- Maintenance: Low
- Highlight: customized Iron Melting Furnace,
Iron Melting Furnace Low Maintenance,
iron melting machine

Product Description

Product Description:

Customized Iron and Steel Melting Furnace with Low Maintenance and Medium Frequency is a kind of induction furnace and it is an advanced equipment with high power saving and reliability. It has low failure rate and high durability, and it requires low maintenance. The Medium Frequency induction iron melting furnace is a reliable choice for smelting metals and alloys quickly and efficiently. It provides a safe and stable working environment, and it is suitable for various industrial applications. Its powerful medium frequency induction system ensures a fast, efficient and accurate melting process. The furnace also features a temperature control system and advanced safety measures, providing a safe and secure environment for all kinds of smelting. It is highly durable and requires low maintenance, making it a cost-effective choice for any smelting project. The Medium Frequency iron melting furnace is the perfect choice for any industry looking for a reliable, efficient and secure melting solution.

Features:

Product Name: Medium Frequency iron Melting Furnace, induction melting furnace

Failure: Low

Maintenance: Low

Reliability: High

Safety: High

Durability: High

Technical Parameters:

Induction melting furnace power supply, thyristor type serial-connected resonance medium frequency type, (2 tons), as for other data of other capacity (tons), please check other pages in our this website.

Characteristic	Description
Type	GW2.0-1400-0.5S
Rated capacity (T)	2.0
Rated power (KW)	1400
rated frequency (HZ)	500
power supply (V)	575
inlet current (A)	1400
medium frequency voltage (V)	2800
load type	One power supply cabinet drives one induction furnace
adapted transformer (KVA)	1600

Applications:

The **Medium Frequency iron melting furnace** is manufactured by the well-known brand Huarui from China. This product has a **patent** and has passed the **national test report** and **quality management system**. It is packed in **waterproof** material. The **minimum order quantity** is 1 set, and the price is **negotiable**. The delivery time is **30~45 days**, and it accepts payment through **T/T** and **L/C**. The factory can provide **1000000 sets/year**. It has **low maintenance**, **high safety**, **high durability**, **low failure**, and **high power saving**.

Customization:

Customized Medium Frequency Iron Melting Furnace from Huarui, China

Brand Name: Huarui

Model Number: to be customized

Place of Origin: China

Certification: patent; national test report; quality management system

Minimum Order Quantity: 1 set
Price: to be negotiated
Packaging Details: waterproof
Delivery Time: 30~45 days
Payment Terms: T/T; L/C
Supply Ability: 1000000 sets/year
Maintenance: Low
Durability: High
Safety: High
Failure: Low
Power Saving: High

Support and Services:

Iron Melting Furnace Technical Support and Service

Technical Support

We provide online and telephone technical support for Iron Melting Furnace. If you are having any issues with your product, please contact us for assistance.

Service

We offer preventive maintenance, repair, and installation services for Iron Melting Furnace. Please contact us for more information.
