

## Energy Saving Iron Induction Melting Furnace With Enhanced Efficiency

### Our Product Introduction

for more products please visit us on [melt-furnaces.com](http://melt-furnaces.com)

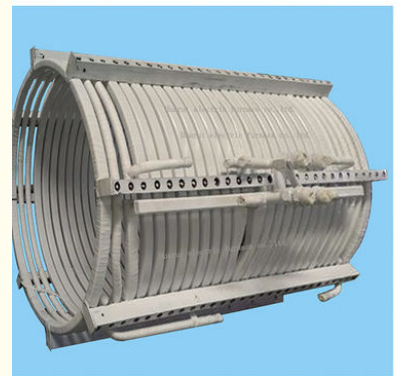

#### Basic Information

- Place of Origin: China
- Brand Name: Huarui
- Certification: patent; national testing report; quality management system
- Model Number: to be negotiated
- Minimum Order Quantity: 1 set
- Price: to be negotiated
- Packaging Details: wooden pakage
- Delivery Time: 20~45 days
- Payment Terms: T/T; L/C
- Supply Ability: 100000 sets/year

#### Product Specification

- Power Saving: 15%-20%
- Power Factor: >95%
- Melting Efficiency: High
- Melt Consumption: Iron 530
- Reliability: High
- Safety: HIGH
- Highlight: **Enhanced Efficiency Iron Melting Furnace, Energy Saving Iron Melting Furnace**

## Product Description

### Product Description:

Energy Saving Iron Induction Melting Furnace With Enhanced Efficiency

Product Description: Metal Melting Furnace by Huarui Furnace

The Metal Melting Furnace by Huarui Furnace is a high-performance and durable tool designed for metal processing in industrial applications. It is engineered to deliver exceptional efficiency in melting a wide range of metals, including steel, aluminum, copper, and more.

Whether you run a foundry, metal recycling plant, or manufacturing facility, this furnace is an essential tool for your metal processing needs. It is built with superior quality materials that ensure longevity and ease-of-operation, making it perfect for high-volume usage. With its cutting-edge technology and reliable heating systems, the Huarui Metal Melting Furnace delivers outstanding results in metal processing. With this furnace, you can produce high-quality metal products without compromising on efficiency or quality.

### Applications:

#### Applications:

The following industries make use of this product:

Metal foundries

Recycling facilities

Metal casting workshops

Alloy production plants

By implementing this product into their operations, these industries are able to improve their efficiency and productivity. This product is designed with the needs of these specific industries in mind, offering a range of features and benefits that address the unique challenges and demands of each sector.

Metal foundries, for example, require equipment that can withstand extreme temperatures and harsh conditions. This product is specially engineered to meet these requirements, ensuring reliable performance even in the most challenging environments. Recycling facilities, on the other hand, need technology that can quickly and efficiently sort and process metals of different types and grades. This product is equipped with advanced sorting and separation capabilities, allowing for seamless and accurate processing.

In addition to these key benefits, this product is also highly customizable, enabling businesses to tailor it to their specific needs and requirements. With its user-friendly interface and intuitive design, this product is a valuable asset for any business looking to improve their metal processing operations and achieve greater success.

### Customization:

Our product, the Huarui electric induction furnace, can be customized to fit your specific needs. The model number can be negotiated to ensure it meets your requirements. Our product is made in China and comes with certifications including a patent, national testing report, and a quality management system.

The minimum order quantity for our electric induction furnace is 1 set, and the price can be negotiated to fit your budget. The packaging details include a wooden package to ensure safe delivery.

Delivery time for our electric induction furnace is 20-45 days, and payment terms are accepted through T/T or L/C. Our supply ability is 100000 sets/year, ensuring that we can meet your demands.

Our electric induction furnace has a power factor of over 95% and a high melting efficiency, with Iron 530 melt consumption. Safety and reliability are of the highest priority, ensuring that our product is of the highest quality.

### Support and Services:

Our Metal Melting Furnace product comes with comprehensive technical support and services to ensure that you are able to use the furnace to its fullest potential. Our team of experts is always available to answer any technical questions you may have about the product and provide assistance with troubleshooting, maintenance, and repairs. We also offer regular maintenance services to keep your furnace in top working condition to minimize downtime and maximize productivity. In addition, we provide training services to ensure that your team is fully equipped to operate and maintain the furnace safely and effectively. Contact us for more information on our technical support and services for the Metal Melting Furnace.

### Packing and Shipping:

Product Packaging:

1 Metal Melting Furnace

1 Graphite Crucible

1 Pair of Heat Resistant Gloves

1 User Manual

Shipping:  
Shipping Method: Standard Ground  
Estimated Delivery Time: 5-7 business days  
Shipping Cost: Free  
Shipping Restrictions: Currently only ships within the United States

## FAQ:

---

Here are some frequently asked questions and answers for Huarui Metal Melting Furnace:

**Q: What is the brand name of this product?**

A: The brand name of this product is Huarui.

**Q: What is the minimum order quantity for this product?**

A: The minimum order quantity for this product is 1 set.

**Q: Where is this product manufactured?**

A: This product is manufactured in China.

**Q: What certifications does this product have?**

A: This product has a patent, national testing report, and quality management system certification.

**Q: What is the delivery time for this product?**

A: The delivery time for this product is 20~45 days.
