

China Quick Melting Time Iron Melting Furnace With High Reliability And Performance

Our Product Introduction

for more products please visit us on melt-furnaces.com

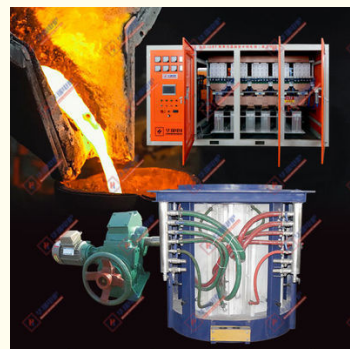

Basic Information

- Place of Origin: China
- Brand Name: Huarui
- Certification: patent; national test report; quality management system
- Model Number: to be customized
- Minimum Order Quantity: 1 set
- Price: to be negotiated between two parties
- Packaging Details: waterproof or customized
- Delivery Time: 24~45 days
- Payment Terms: T/T; L/C
- Supply Ability: 10000001 sets/year

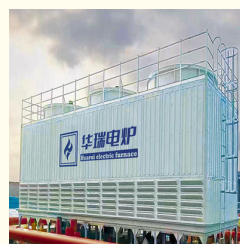

Product Specification

- Power Saving: High
- Safety: High
- Reliability: High
- Melting Time: Quick
- Technology: First Class
- Power Consumption: Low
- Maintenance: Low
- China: Made
- Highlight: High Reliability Iron Melting Furnace, High Performance Iron Melting Furnace, China Iron Melting Furnace

More Images

Product Description

Product Description:

Our F

This Iron Melting Furnace is a kind of medium frequency induction furnace, it can provide reliable and efficient smelting solution that provides quick melting time with high power saving, cleaning working condition, long service life and low maintenance, beside, it can improve the molten iron quality, meanwhile, worker injury can be greatly reduced, all-sided safety design for this induction furnace greatly ensures it can run with a consistent good condition.

Features:

Product Name: Iron Melting Furnace

Failure: Low

Made in China: yes

Power Consumption: Low

Maintenance: Low

Melting Time: very Quick

Induction Furnace: Yes

Industrial Melting Furnace: Yes

Smelting Furnace: Yes

Technical Requirements are as follows:

Induction melting furnace power supply, thyristor type serial-connected resonance medium frequency type, (15 tons), as for other data of other capacity (tons), please check other pages in our this website.

Characteristic	Description
Type	GW15-9000-0.3S
Rated capacity (T)	15
Rated power (KW)	9000
rated frequency (HZ)	300
power supply (V)	950x4
inlet current (A)	1361x4
medium frequency voltage (V)	2800
load type	One power supply cabinet drives two induction furnaces
adapted transformer (KVA)	10000

Applications:

Huarui iron melting furnace is an industrial melting furnace that is made in China. It has been tested to ensure it is of the highest quality and has a patent and national test report to prove its reliability and durability. It is designed to melt iron quickly and efficiently, making it ideal for industrial metal melting. It has a minimum order quantity of 1 set, and the price is to be negotiated. The packaging provided is waterproof, and the delivery time is 30~45 days. Payment can be made via T/T or L/C. The factory is capable of producing up to 1 million sets a year. With its first-class technology, this iron melting furnace is sure to provide you with the best possible melting results.

Support and Services:

Iron Melting Furnace Technical Support and Service

We provide technical support and service for our Iron Melting Furnace products. Our team of engineers and technicians are available to answer questions and provide troubleshooting assistance. We also offer installation, maintenance, and repair services. Additionally, we provide warranty coverage and replacement parts.

For more information about our Iron Melting Furnace products and services, please contact us at info@example.com.

Packing and Shipping:

Packaging and Shipping

The Iron Melting Furnace will be packaged in a sturdy cardboard box, with styrofoam inserts for extra protection. It will be shipped via UPS or FedEx.
